## DISCOVER THE BAY

Your exploration begins in Discover the Bay, featuring the animals found in San Francisco Bay. These animals are unique because they are able to adapt to constant changes in salinity and water temperatures.

## TOUCH THE BAY

The magic of San Francisco Bay is literally at your fingertips in Touch the Bay, featuring touchpools with sharks, rays, and sea stars. Catch a fun interactive presentation at the Bay Lab.

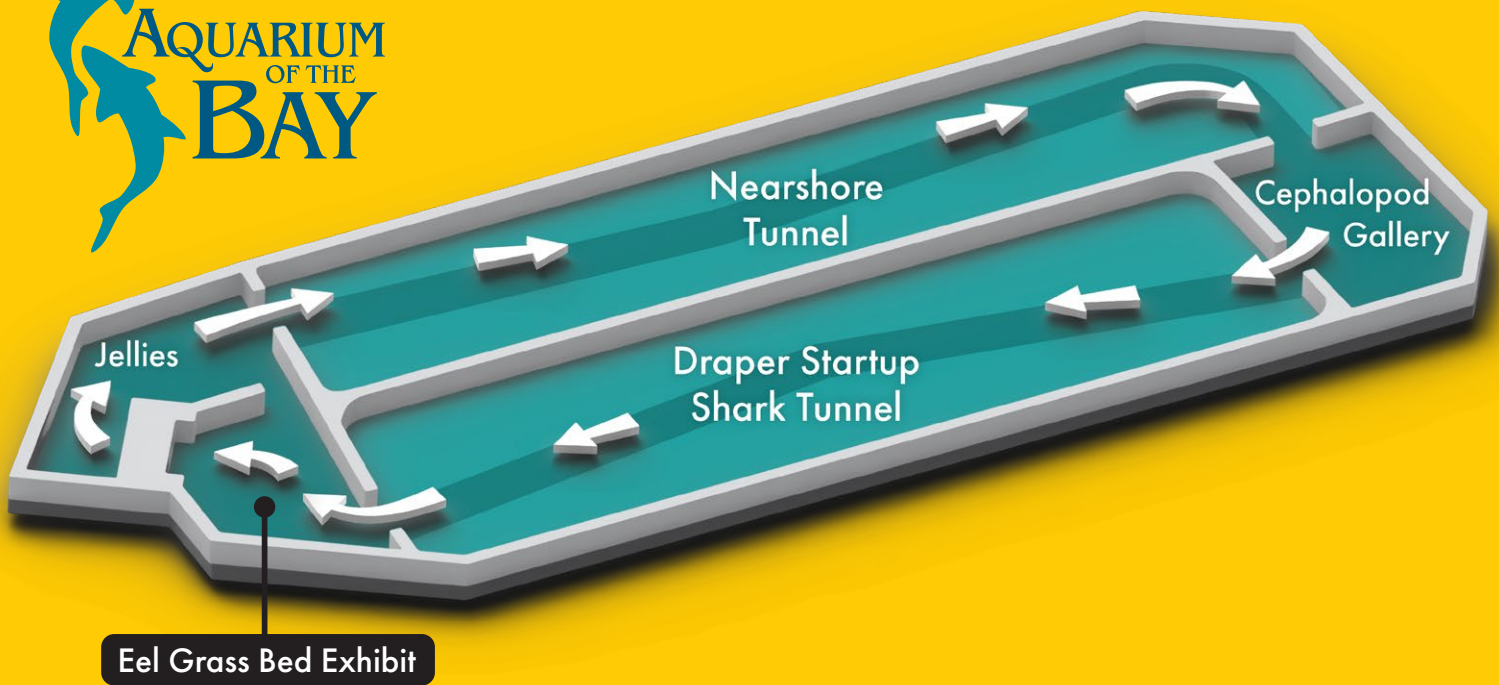

## NORTH AMERICAN RIVER OTTERS

Enjoy the charismatic North American river otters as they play, swim, romp, and wrestle. Be sure to catch the otter chat and learn about their unique free contact training.

## UNDER THE BAY

The scuba diver's view of the Bay without the scuba gear!  
Come face to fin with a Giant Sea Bass; only 1,000 left of these on the planet; sevengill sharks, bat rays, leopard sharks, and sturgeon.
